Mr. Dave Fitts,

Granite Construction is very satisfied with the work Zumwalt performed for Hwy 180 near Cedar Grove. The project consisted of 300 feet of steep terrain. This area required erosion control blankets and fiber rolls to be installed, with a BMF and Hydroseed to cap it off. Zumwalt completed this work safely and with the up most quality. I would recommend Zumwalt Erosion for any erosion control needs.

Sincerely,  
**GRANITE CONSTRUCTION COMPANY**
