RE: Letter of Recommendation - Zumwalt & Associates Erosion Control

Dear Dave,

I am writing to express my sincere appreciation for the exceptional service and support that you, Kait, and the entire team at Zumwalt & Associates Erosion Control have provided to Resource Environmental, Inc. over the years.

Since we began working together in 2017, your company has consistently demonstrated a level of professionalism, expertise, and dedication that is truly commendable. Your team's responsiveness and willingness to assist us, even in last-minute situations, have been invaluable to our operations. We have come to rely on Zumwalt & Associates as our go-to erosion control and hydroseeding subcontractor in Northern California.

Throughout our partnership, we have collaborated on numerous projects, including the Willow Springs ES Demolition in Woodland, CA, the Dublin Swim Center Demolition in Dublin, CA, the R9C Tank Decommissioning in Santa Rosa, CA, and the PCGC Demolition of DeWitt Center, among many others. In each instance, your team has delivered outstanding results, consistently providing competitive pricing and executing the work with skill and efficiency.

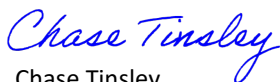

The quality of your work is top-notch, and your crews are always communicative and punctual in performing their tasks. We greatly appreciate the fact that you consistently provide submittals early, often before we even request them. This proactive approach demonstrates your commitment to ensuring smooth project execution and helps us stay ahead of schedule.

Your commitment to quality, safety, and customer satisfaction has been evident in every project we have undertaken together. The expertise and professionalism displayed by you and your team have contributed significantly to the success of our projects and have helped to strengthen our reputation in the industry.

We highly recommend Zumwalt & Associates Erosion Control to anyone seeking a reliable, competent, and client-focused erosion control and hydroseeding subcontractor. Your company's performance has been nothing short of exceptional, and we look forward to continuing our successful partnership in the years to come.

Thank you once again for your outstanding work, service, and dedication to the industry.

Sincerely,

Chase Tinsley
